

The Masters of Quality Products

*Bsz Surgico
Veterinary Instruments
Catalogue*

Introduction

BSZ SURGICO has been established as a supplier of High Quality Surgical Instruments with a vast production experience. The skilled hands and the trained eyes of our mechanics guarantee the flawless function of **BSZ SURGICO** instruments. We present our catalogue detailing our range of instruments for different surgeries. These Instruments are manufactured from European Steel to the highest possible standards and with the most modern processes.

Standards

BSZ SURGICO is certified to meet standard ISO 9001 – 2015, ISO 13485 – 2016 and CE Marking. We are subject to continual assessment of these procedures to ensure that these standards are maintained by an independent outside notified body.

Quality Certificatons

We are ISO 9001:2015
ISO 13485:2016 certified
CE Mark approved

- ☑ ISO 9001:2015
- ☑ ISO 13485:2016
- ☑ CE Mark

Quality / Innovation

Instruments are controlled according to the Technical Drawings along with intended use. Constant controls throughout production and at the end of production processes guarantee their reliability and a long service life.

Future Oriented

We are open minded and accept all the new ideas as our improvement. We always care our customer and try our best to meet the customer requirements by meeting their regulatory and production requirements.

Commitment

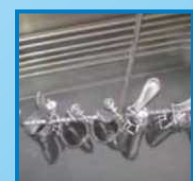

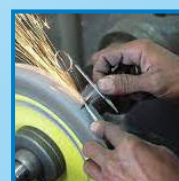

We are committed to provide Quality Instruments to serve humanity. We also understand and take care about the customer requirements in shape of product, delivery time and competitive cost. We are always looking forward to serve our customer and the commitment by providing him the **BSZ SURGICO** Quality products.

Forging to Finish

BSZ SURGICO has its own forging section that Is responsible for manufacturing of quality dies and forgings for its products.

v-268 Emasculatome 19" Castrator- X Large Size

Also available with plastic grips. For bulls, horses, buffalo, and camels. Length 19".

v-270 Figure 3: Elastrator tool and bands.

For applying latex rings/bands used in tail docking and castration. The tapered nose prevents dirt build-up. Roller insures smooth operation: Length 8.75".

v-272 Blue Economy Castrating Band Applicator

Designed for quick and easy one-person operation. Lightweight blue plastic grips, textured for sure-grip, comfortable to use. Useful on lambs, calves, goats and other animals.

v-265 Emasculatome 12" Castrator- Small Size

Also available with plastic grips. For lambs and young calves or for docking lambs tail. Length 12".

v-267 Emasculatome 16" Castrator- Large Size

Also available with plastic grips. For mature bulls. Length 16"

v-269 Large/Deluxe Castrating Band Applicator Aluminum

Heavy-duty aluminum ring applicator with notched expanding fingers to hold the ring. Useful on lambs, calves, goats and other animals

v-271 Figure 3: Elastrator tool and bands.

For applying latex rings/bands used in tail docking and castration. The tapered nose prevents dirt build-up. Roller insures smooth operation: Length 8.75".

v-273 Crutch Knee Wrench - For Large Emasculatomes

The use of the crutch knee attachment makes possible a one-person operation with the larger emasculatome. Set consists of polished crutch attachment and spanner wrench. Fits 14", 16" and 19" emasculatomes only.

V-274 Ear Docking

For dog's ear docking. Aluminum made. Straight, 12cm.
 Also available in curved.

V-276 Haussman's Emasculator

V-951 = 10" - 26cm
 V-952 = 11" - 28cm

V-2f6 = f-1/2" - 19cm
 V-950 = 9" - 23cm
 V-953 = 12" - 31cm

Double crush prevents primary and secondary hemorrhage because of the multiple crushing of the spermatic cord and artery. Sizes available 7-1/2", 9", 10", 11", 12" s/s

V-278 Haussman's Emasculator / Real Product

Curved, sizes available from 7-1/2" , 9",
 10, 11", 12" s/s.

V-280 Serra's Emasculator Curved

A concave cutting plate draws the cord concentrically in to the jaws of the castrator. Reduces tissue slippage and post-op hemorrhage. Length 14" s/s

V-282 Serra's Emasculator With Ratchet

This newly designed instrument draws the cord concentrically into the jaws, thus preventing slipping of the cord. ratchet holds emasculator locked: Length 13-1/2" s/s.

V-275 Frank's Emasculator

Length 7-1/2", 9", 10-1/2" s/s.

V-277 White's Emasculator

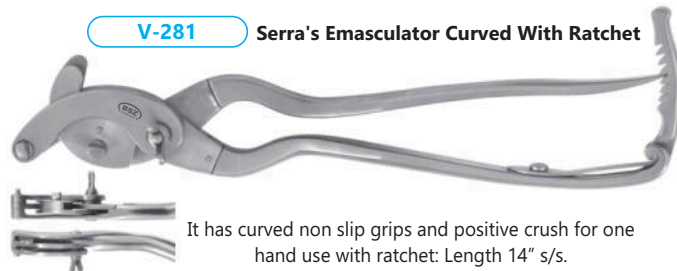

Length 7-1/2", 9", 10", 11", 12" s/s.

V-279 Reimer's Emasculator

A very popular emasculator has a double crushing part. The cutting lever is worked separately. This allows extra time for crushing action and eliminates after bleeding: Length 12" s/s.

V-281 Serra's Emasculator Curved With Ratchet

It has curved non slip grips and positive crush for one hand use with ratchet: Length 14" s/s.

V-283 Sand's Emasculator

Draws the cord concentrically in to the jaws, thus preventing slipping of the cord. Hemorrhage is reduced to a minimum ratchet holds forceps locked: Length 12" s/s

V-284 Castration Hook for Male cats

V-285 Gas Tail Docker

For quick, painless and economical tail docking of piglets. Stainless steel.

V-286 Newberry Castrating Knife

A stainless steel castrating knife will split the scrotum for easier removal of testicles with 2" blades. Overall Length 10.5".

V-287 Flower-Cut Ear Notcher

W-Cut Ear Notcher

Small Ear Notcher With V-Cut

U-Cut Ear Notcher

The stainless steel construction with sharp, clean cut and slide spring action handle make these notchers ideal for identification purposes. Cuts notch 1" long. Length 8".

V-288 Medium Ear Notcher With V Shape Die

A high-quality, stainless steel ear notcher
 Cuts a "V" notch 12mm/0.47"
 base x 18mm/0.71" long; Length 6".

V-289 Large Ear Notcher With V Shape Die

carefully ground after being hardened and tempered. Dies are not interchangeable. 20.85mm/0.82" cut. Length 9.37".

V-290 Ear Tag Applier

V-208 Plastic Tag Applier

For applying plastic tags to the ears. Length 9".

V-291 Dehorner Wooden Handle

Wooden handle dehorner: Length 13" c/s.

V-292 Dehorner Metal Handle

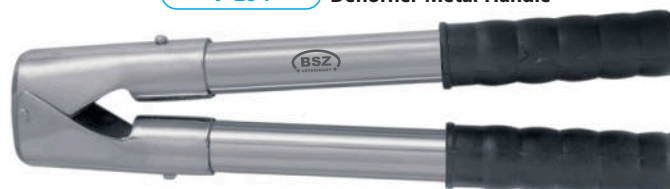

Straight metal handle dehorner with rubber grips: Length 13" c/s, c/p.

V-293 Dehorner Metal Handle

Straight metal handle dehorner with rubber grips: Length 17" c/s, c/p.

V-294 Dehorner Metal Handle

Straight metal handle dehorner with rubber grips. Heat-treated steel cutting blades: Length 13" c/s, c/p.

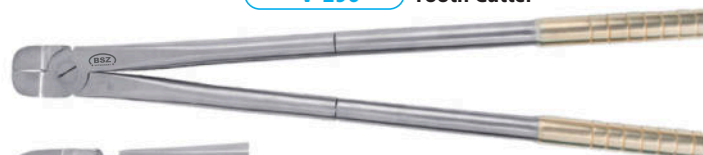

V-295 Tooth Cutter

Hardened stainless steel simple joint lower molar cutters with permanent handles. Length 22" s/s.

V-296 Tooth Cutter

Molar cutter with simple joint. Available in 3 different models. 1) Closed Edges. 2) Medium Gap. 3) Wide Gap. Length 22" s/s.

V-297 Molar Forceps 46cm

V-298 Molar Forceps 56cm

Length 18", 22" s/s.

V-299 Equine Molar Forceps-

Gunther Tooth Forceps. Length 22" s/s.

V-300 Molar Forceps

Serrated jaw creates good purchase on cheek teeth and premolar caps. A hugely versatile pair of forceps for every day use. Length 22" s/s.

V-301 Molar Spreader 19"

V-302 Molar Spreader 22"

Used for loosening cheek teeth prior to extraction: Length 19", 22" s/s.

V-303 Molar Incisor Extractor

These are designed to remove hard to get at rear molars but can also be used to remove incisors. Length 22" s/s.

V-304 Equine Compound Molar Cutter 24"

V-305 Equine Compound Molar Cutter 25"

V-306 Equine Compound Molar Cutter 26"

Stainless steel compound molar cutters with permanent handles. Powerful compound action. Available in 4 different models. 1) Fully Open Jaw. / 2) Closed Jaw. 3) Part Open Jaw. / 4) Part Open Jaw Angled. Length 24", 25", 26" s/s.

V-307 Wolf Tooth Forceps

These extracting forceps are Ideal for use in wolf teeth extractions and incisor cap extractions. Length 9" s/s.

V-309 Cap Extractor

Lower (Renold's) Length 17" s/s

V-308 Wolf Tooth Forceps / Extracting Forceps

Knurled handles provide optimum grip even when wet. Length 10" s/s.

V-310 Cap Extractor

Upper (Renold's) Length 17" s/s.

V-311 Compound Rongeurs

Stainless steel compound rongeur with offset head works well for wolf teeth, blind wolf teeth, incisor fragments and most tooth and cap slivers. Length 9" s/s.

V-313 3 Root Box Joint Forceps On Side

With knurled handles. For molars with very little crown in aged horses and deciduous premolar caps: Length 19" s/s

V-312 Fulcrum Serrated Jaw Box Joint Forceps

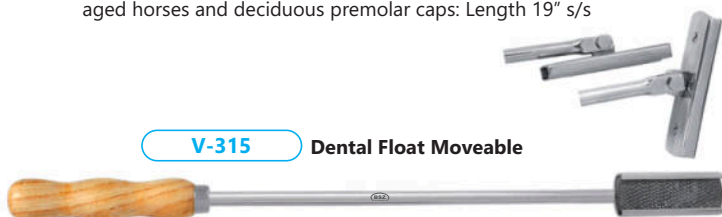

For extraction of first and second premolars or the number six and seven cheek teeth. This unit uses the hinge portion of the forceps for a fulcrum.

V-314 3 Root Box Joint Forceps Off Side

With knurled handles. For molars with very little crown in aged horses and deciduous premolar caps. Length 19" s/s.

V-315 Dental Float Moveable

Float comes with the moveable head with one wooden handle. With two screws in back to hold blade. Length 22".

V-316 Pig Tooth Nipper

Hardened stainless steel nippers with no gap in the jaws, construction with spring handle action. Also for cutting tails. Length 5" s/s.

V-319 Dental Float

Combination float comes with both a straight and angled head. Length 10", with one wooden handle. Length 10.5". With two screws in back to hold blade. One rasp/rasp and one rasp/file in set. Length 20.5"

V-317

Equine Speculum By Schoupe

Reduces the danger of slipping with this instrument since it is held in place by the equine cheek area. I

V-318

Bayer's Mouth Wedge

Very handy when examining the oral cavity or doing dental work in equine, s/s.

V-320

Hoof Nipper T.C Tip Modified

A modified instrument which is forged from stainless steel and reinforced with tungsten carbide tip. Length 15". Also available in high carbon steel.

V-321

Hoof Nipper

Particularly handy for farriers trimming larger feet or cob type horses with thicker walls. Forged from stainless steel. Length 15". Also available in high carbon steel.

V-322

Hoof Nipper

Ideal for trimming away excess hoof wall or claws. Forged from stainless steel. Length 14". Also available in high carbon steel.

V-323

Hoof Nipper

A very nice precision instrument, forged from stainless steel. Length 12".

V-324

Hoof Nipper

V-325

Hoof Nipper

Length 14". Also available in 12", 15" c/s.

V-326

Hoof Nipper

V-327

Hoof Nipper

Length 12". Also available in 14", 15" c/s.

V-328

Hoof Nipper Curved Blade T.C Tip Modified

V-329

Hoof Nipper Curved Blade T.C Tip Modified

A modified instrument which is forged from stainless steel and reinforced with tungsten carbide tip. Length 15". Also available in 12", 14" c/s.

V-330

Hoof Nipper Curved Blade

V-331

Hoof Nipper Curved Blade

V-332

Hoof Nipper Curved Blade

A modified instrument which is forged from stainless steel and has a curved blade. Length 15". Also available in 12", 14" c/s.

V-333 15"
V-334 12"
V-335 14"

Heavy Duty Hoof Nipper

Fine quality steel hoof nipper with cushion grip handles. Length 15". Also available in 12", 14" c/s.

V-336 15"
V-337 12"
V-338 14"

Hoof Nipper

Designed exclusively to trim away excess hoof wall. Length 15". Also available in 12", 14" c/s.

V-339

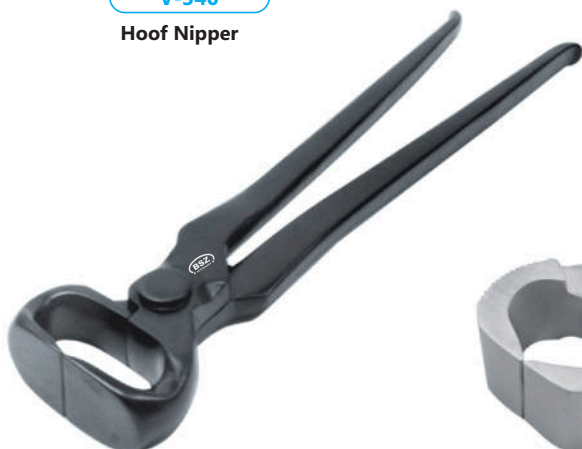

Hoof Nipper

Hoof nipper is used to trim away excess hoof wall. Vinyl handles give a comfortable feel in the hand. Length 15" c/s.

V-340

Hoof Nipper

Hoof Nipper Length 12" c/s.

V-229

Shoe Puller And Spreader With T.C Tip Modified

A combination shoe puller and spreader. Heat treated for strength. It is a modified instrument with a Tungsten Carbide tip. Length 13".

V-341

Shoe Puller And Spreader

A combination shoe puller and spreader. Has exclusive pattern with sharp teeth on outside edges. Length 13" c/s.

V-342

Shoe Puller And Spreader

Has exclusive pattern with sharp teeth on outside edges. For ease in spreading most shoe sizes and styles. Length 13" c/s.

V-343

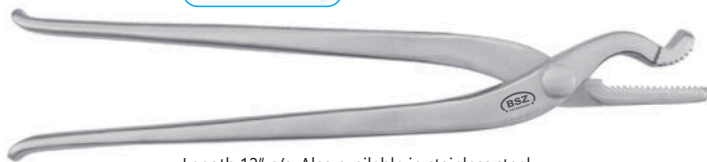

Shoe Pullers (Pull-Offs)

As sharp as a nipper so you can easily use it as a nail cutter. Length 15".

V-344 Gooseneck Clincher

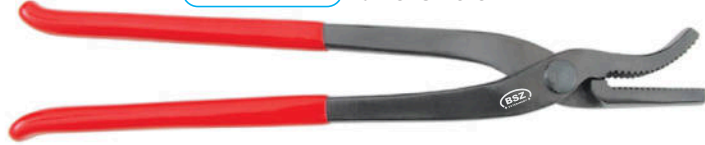

Length 12" c/s. Also available in stainless steel.

V-346 Farrier Clincher

For use on high and low nails. Used to roll over nails with curved jaw. Length 13" c/s. Also available in stainless steel.

V-348 Farrier Clincher

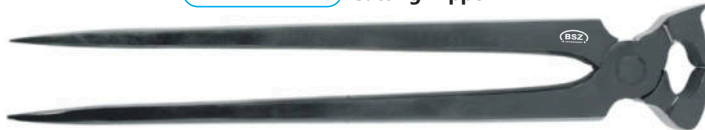

For use with larger nails used in saddle horse hoofs to roll over and clinch nails. Oil quoting makes it rust resistant. Length 12" c/s. Also available in stainless steel.

V-350 Farrier Clincher

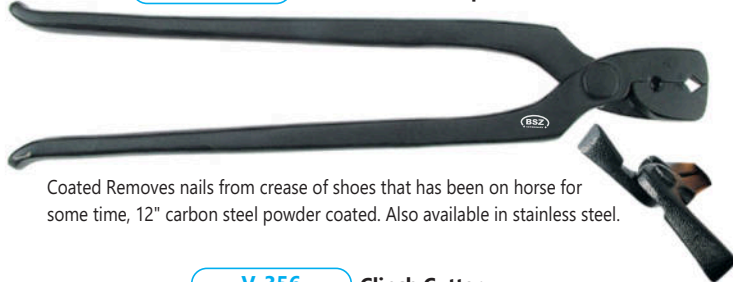

For use with large nails used in saddles horse hoofs to roll over and clinch nails. Oil quoting makes it rust resistant. Length 12" c/s. Also available in stainless steel.

V-352 Cutting Nipper

For cutting and pulling with cushion grip handles. Length 12" c/s. Also available in stainless steel.

V-354 Crease Nail Puller powder

Coated Removes nails from crease of shoes that has been on horse for some time, 12" carbon steel powder coated. Also available in stainless steel.

V-356 Clinch Cutter

Clinch cutter on one end and pritchel on opposite end s/s.

V-345 Low Nail Curved Jaw Clincher

The curved jaw clincher features a proven design for excellent performance and reliability. Length 13" c/s. Also available in stainless steel.

V-347 Gooseneck Clincher

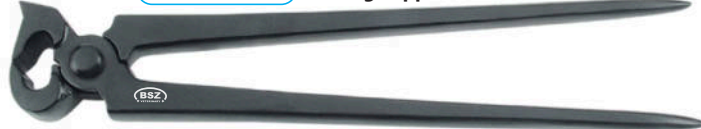

Powder coating makes it rust resistant. Length 12" c/s. Also available in stainless steel.

V-349 Farrier Clincher

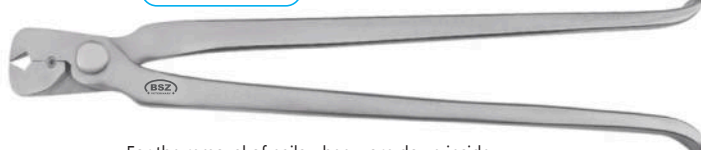

To roll over nails with curved jaw. Red vinyl coated handle gives a comfortable grip. Length 13" c/s. Also available in stainless steel.

V-351 Cutting Nipper

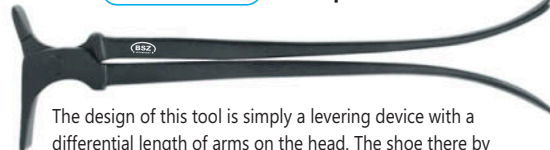

For cutting and pulling with cushion grip handles. Oil tempered and drop forged. Length 12" c/s. Also available in stainless steel.

V-353 Crease Nail Puller

For the removal of nails when worn down inside the grooves of the shoe, 12" s/s

V-355 Shoe Spreader

The design of this tool is simply a levering device with a differential length of arms on the head. The shoe there by opening it exactly where you want.

V-357 Clinch Cutter Powder Coated

Clinch cutter on one end and pritchel on opposite end, Powder coated c/s.

V-358 Farrier Hammer

V-359

Horse Machine

Removes unwanted whiskers and hairs. American pattern, Sand caste, Chromed.

V-360

Horse Machine

Removes unwanted hair and whiskers from Horse & Cattle, Putor, German pattern. Red wooden handle.

V-361

Machine For Sheep

Removes unwanted hair from Sheep Putor, German pattern, Red wooden handle.

V-362

Hand Clipper

Spring type sheep shear (For Horse, Camel and Donkey)

V-363

Hand Clipper

Spring type sheep shear (For Horse, Camel and Donkey)

V-364

Bot Egg Knife Plastic

The safe efficient way to remove bot eggs. It has no sharp edges to gouge the horse and can be used by the youngest rider with safety. This bot egg knife is 8.75" long with a stainless steel blade.

V-365

Bot Egg Knife Wooden

This bot egg knife is 8.75" long with a stainless steel blade and durable wooden handle.

V-366

Fetlock Shears

Can be used in either hands with blades curving left or right. Stainless steel.

V-367

Post Mortem Scissor

Heavy-duty scissors with one serrated edge. Sand caste, Stainless steel, length 7-3/4". Also available with black finished rings.

V-368

Flat Rasp

A flat rasp with rasp cut on one side and double cut file on other. Super sharp. Length 36cm c/s.

V-369

Flat Rasp

A flat rasp with rasp cut on one side and double cut file on other. Super sharp. Length 36cm c/s.

V-370

Hoof Rasp X Style

Rasp teeth on one side with file teeth on other. Length 31cm c/s.

V-371

Hoof Rasp X Style

Rasp teeth on one side with file teeth on other. Length 31cm c/s.

V-372

Hoof Rasp

Rasp teeth on two side with file teeth on other. Length 31cm c/s.

V-373

4-Way Hoof Rasp

The file has different filing grades: fine, medium fine, medium. This allows you to file the hooves to proper length while shaping and smoothing the rough and sharp edges. The 4-Way Hoof Rasp is the best tool for smoothing all areas of the animal's hooves. Length 35cm c/s.

V-3f4 - 13" - 33cm
V-954 - 13.25" - 34cm
V-955 - 16" - 41cm

V-374

Hoof Tester

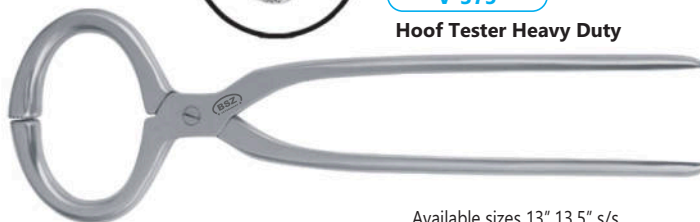

Test hoof hardness with this popular, steel hoof tester with scored edges for better gripping. Available sizes 13", 13.25", 16" s/s.

V-3f5 - 13" - 33cm
V-956 - 13.5" - 35cm

V-375

Hoof Tester Heavy Duty

Available sizes 13", 13.5" s/s.

V-376

Hoof Tester

Length 16" s/s.

V-377

Large Hoof Tester

The large model has 12" reins, is 19" long and opens to 9.5". Stainless steel with pointed teeth.

V-378

Small Hoof Tester

The small model has 9" reins, is 15" long and opens to 7". Stainless steel with pointed teeth.

V-379

Large Modified Hoof Tester

The modified model has 12" reins, is 19" long and opens to 9.5". Stainless steel with reduced teeth

V-380

Hoof Trimmer

Durable steel with bolted construction. Green protective coating covers the steel. 1-1/4" opening between trimmer blades with double compound action. Sharp blades are firmly attached with three recessed screws. Black rubber grip handles. Length 17" c/s.

V-381

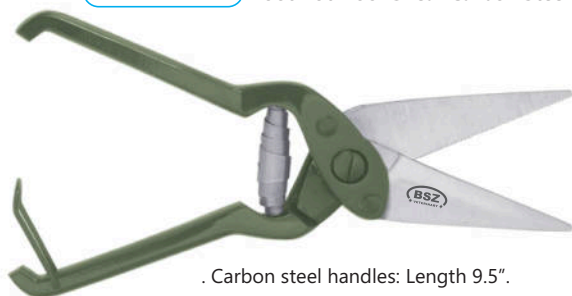

Nail Clipper

A nail clipper with sure-grip handles for cutting dogs nails. Stainless steel blades are designed to give precision cutting action. Flip-open safety lock protects cutting edge when not in use. 6-3/8" long.

V-382 Foot Rot Hoof Shear Carbon Steel

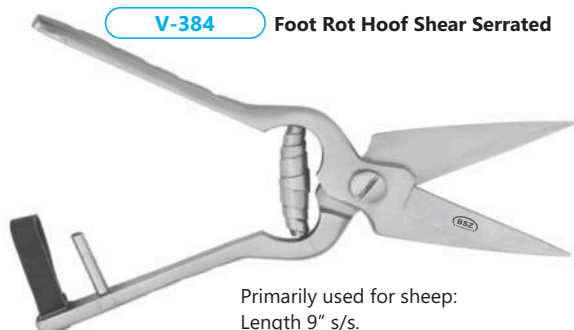

. Carbon steel handles: Length 9.5".

V-383 Foot Rot Hoof Shear Aluminum

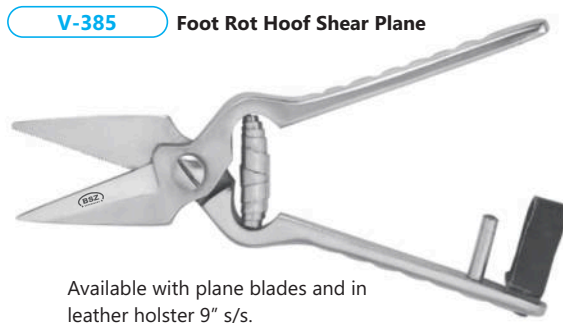

Ideal for both sheep and goat. Length 9.5".

V-384 Foot Rot Hoof Shear Serrated

Primarily used for sheep:
 Length 9" s/s.

V-385 Foot Rot Hoof Shear Plane

Available with plane blades and in
 leather holster 9" s/s.

V-386 Trimming Shears

Red enameled handles with extra-large double bow Length 14".

V-387 Single Bow Economy Sheep Shears

6" shearing blades. Overall Length 12".

V-388 Hoof Pick-Vinyl Coated Handle

Sturdy, vinyl coated handle: Length 5.5" s/s.

V-389 Hoof Pick Large - Vinyl Coated Handle

Pick with vinyl coated handle, s/s.

V-390 Hoof Knife Kit

Available in compact, elegant leather case
 with zipper. Set includes Wooden handle with
 4 different types of Interchangeable blades.

V-391 Hoof Pick

Chrome plated steel rod hoof pick with a screw driver
 end which can be used to tighten Chicago screws.

V-392 Hoof Knife Kit

Available in compact, elegant
 leather case with zipper. Set includes
 Wooden handle with 6 different
 types of Interchangeable blades.

V-393

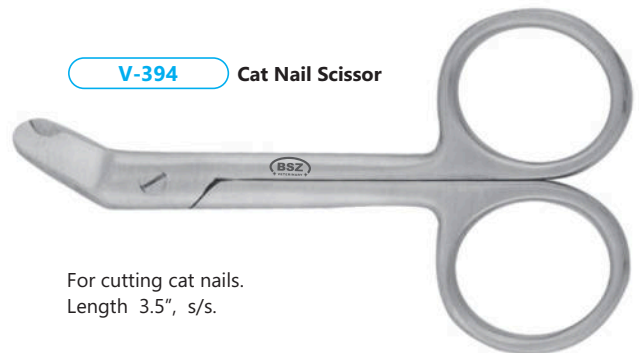

Dog Nail Scissor

For cutting dog and other animals
 nails. Length 4.5", s/s.

V-394

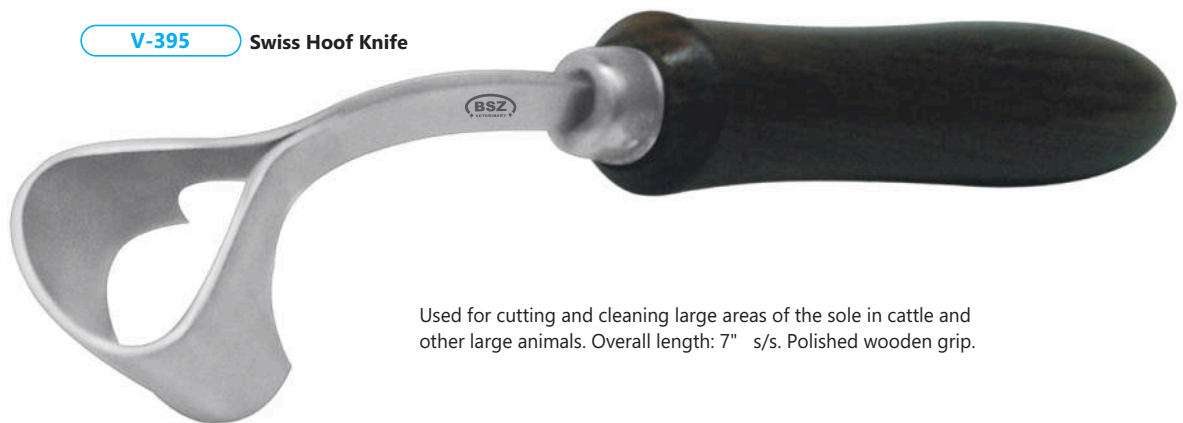

Cat Nail Scissor

For cutting cat nails.
 Length 3.5", s/s.

V-395

Swiss Hoof Knife

Used for cutting and cleaning large areas of the sole in cattle and
 other large animals. Overall length: 7" s/s. Polished wooden grip.

V-396

Hoof Knife

Double edged. Length 7.5" s/s.
 Polished wooden grip.

V-397

Hoof Knife Small Size

Double edged. Length 6.5" s/s.
 Polished wooden grip

V-398

Oval Hoof Knife

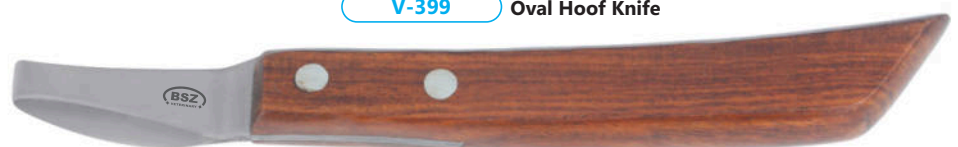

Available in wooden handle, can be used
 left or right handed. Extra long shaft makes
 it easier and more accurate to use

V-399

Oval Hoof Knife

Available in wooden handle, can be
 used left or right handed.

Right **V-400**

Hoof Knife Regular

Left **V-401**

Regular blade. This durable blade is held by two rivets in the hardwood handle and it extends 2" into handle.
 1/2" blade at heel, 3" long. 8.5" long overall. Wooden grip. Available in left and right handed grip.

Right **V-402**

Hoof Knife

Left **V-403**

Double edged. Polished wooden grip.
 Available in left and right handed grip.

Right **V-404**

Hoof Knife

Left **V-405**

Polished wooden grip. Available
 in left and right handed grip.

Right **V-406**

Hoof Knife

Left **V-407**

Linde's Embryotomy Knife

Length 5" s/s

V-443

Ostertag's Eye Hook Blunt

Length 2" , Hole Diameter 5/8"
 and Hook Length 3/4" s/s.

V-444

Moore's OB Chain Handle

Stainless steel OB handle with
 one- piece construction. 5.5"

V-445

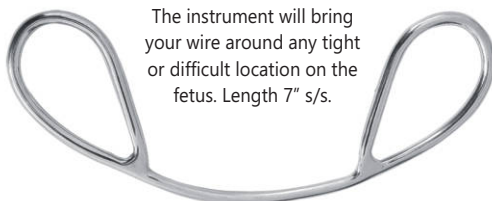

Moore's OB Chain Handle

With Plastic Grip Handle aids
 in use of chains, 5.5" s/s.

V-446

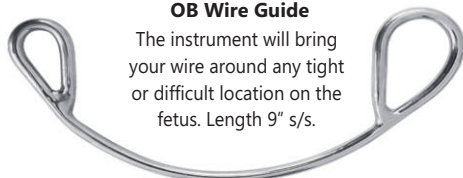

OB Wire Guide

The instrument will bring
 your wire around any tight
 or difficult location on the
 fetus. Length 7" s/s.

V-450

OB Wire Guide

The instrument will bring
 your wire around any tight
 or difficult location on the
 fetus. Length 9" s/s.

V-447

OB Chain

Heavy duty obstetrical chains
 assist in the delivery of the calves.
 Length 60" s/s.

V-448

OB Chain

Heavy duty obstetrical chains
 assist in the delivery of the calves.
 Length 30" s/s.

V-449

Swine Cable OB Snare

This durable, swine cable obstetrical
 snare is made from aircraft cable.
 Overall length 18" s/s.

V-451

Farrowing Forceps

Farrowing Forceps For Piglets. Length 20.5" s/s.

V-452

Sutter OB Handle

Knurled non-slip grip. Length 4" c/s.

V-453

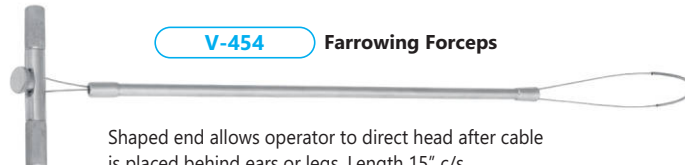

Cast Spreader

Cast spreaders with 5cm wide blades.
 Available sizes 10.5", 11" s/s.

V-454

Farrowing Forceps

Shaped end allows operator to direct head after cable
 is placed behind ears or legs. Length 15" c/s.

V-456

Cast Spreaders (Henning)

3-Pong cast spreader 9". Spring-loaded handle for
 one-hand operation. cutting beyond cast thickness.

V-455

Plaster Shears

Available size 17.25" s/s.

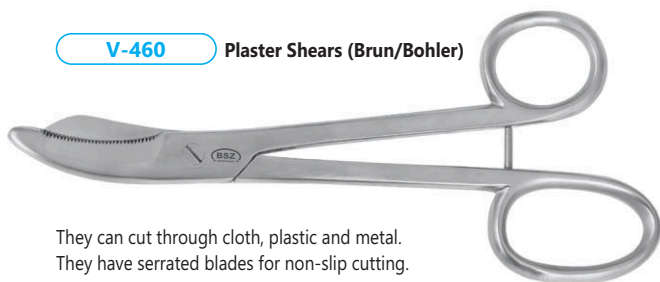

V-457 Plaster Shears

Plaster shears with serrated blades.

V-460 Plaster Shears (Brun/Bohler)

They can cut through cloth, plastic and metal.
 They have serrated blades for non-slip cutting.
 Stainless steel. Length 10"

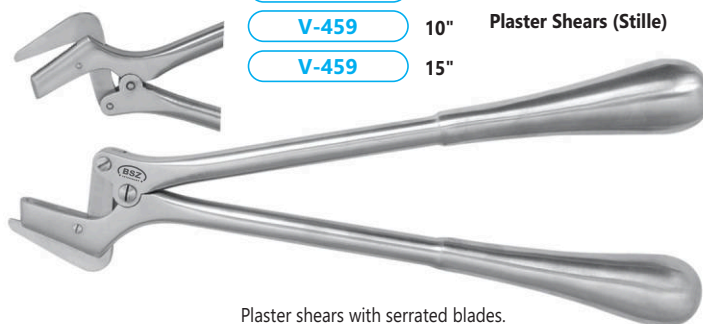

CM-1383 9"

Plaster Shears (Stille)

V-459 15"

Plaster shears with serrated blades.
 Available sizes 9", 10" 15" s/s.

V-461 Ring Cutter 16 cm

V-462

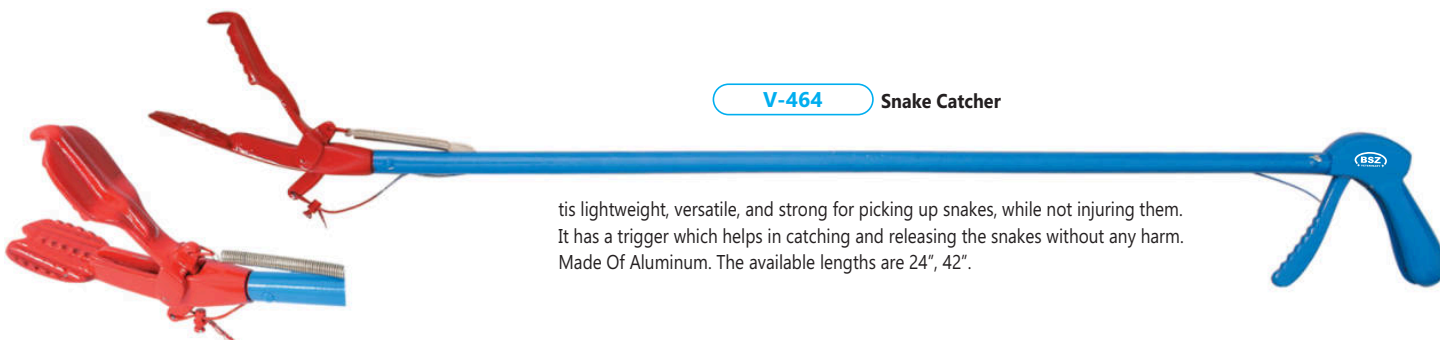

V-463

Universal Scissors

It can cut through almost anything: a multitude
 of uses around any clinic. Autoclavable.
 Stainless steel: Length 7.5", 5.5".

V-464 Snake Catcher

It is lightweight, versatile, and strong for picking up snakes, while not injuring them.
 It has a trigger which helps in catching and releasing the snakes without any harm.
 Made Of Aluminum. The available lengths are 24", 42".

V-465 Snake Hook, 24" - 61cm

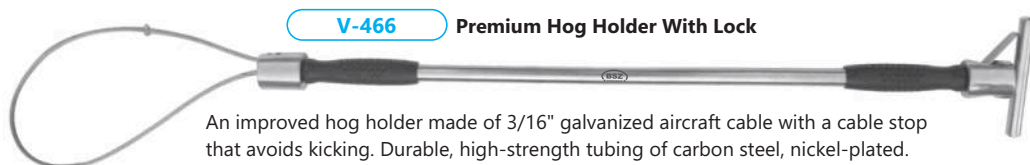

V-957 Snake Hook, 30" - 76cm

V-958 Snake Hook, 36" - 92cm

V-959 Snake Hook, 48" - 102cm

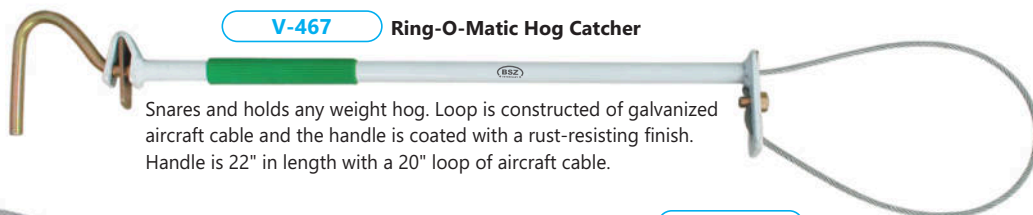

Made of Aluminum. The rubber grip increases the hold in case of
 a wet conditions. The available lengths are 24", 30", 36", 48".

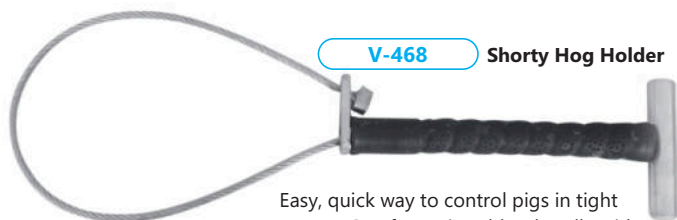

V-466 Premium Hog Holder With Lock

An improved hog holder made of 3/16" galvanized aircraft cable with a cable stop that avoids kicking. Durable, high-strength tubing of carbon steel, nickel-plated.

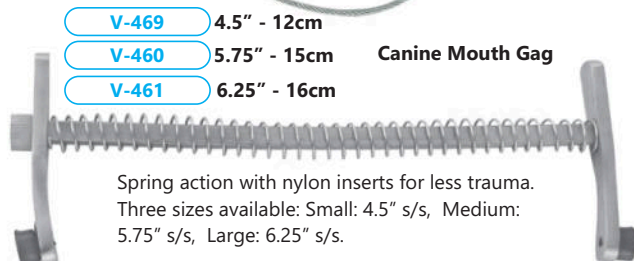

V-467 Ring-O-Matic Hog Catcher

Snares and holds any weight hog. Loop is constructed of galvanized aircraft cable and the handle is coated with a rust-resisting finish. Handle is 22" in length with a 20" loop of aircraft cable.

V-468 Shorty Hog Holder

Easy, quick way to control pigs in tight spaces. Comfort-grip rubber handle with galvanized aircraft cable loop. Approximately 8" long.

V-469 4.5" - 12cm

V-460 5.75" - 15cm

V-461 6.25" - 16cm

Canine Mouth Gag

Spring action with nylon inserts for less trauma. Three sizes available: Small: 4.5" s/s, Medium: 5.75" s/s, Large: 6.25" s/s.

V-470 Cattle Twitch / Nose Twitch

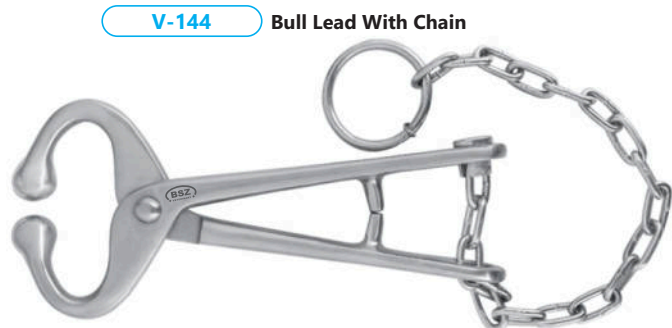

For help in restraining horses or cattle. Nylon coated handles for firm grip. Length 17" s/s.

V-471 Bull Holder, 14" - 36 CM

V-962 Bull Holder, 15" - 38 CM

Stainless steel sand casted. PVC grip. Available sizes 14", 15" s/s.

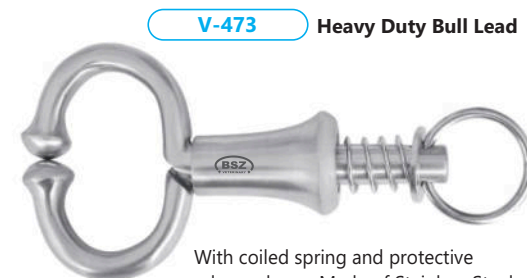

V-144 Bull Lead With Chain

Place stainless steel lead into animal's nostrils and close gently. Secure handles with heavy-duty 13 1/2" chain. Also available without chain.

V-472 Harm's Bull Holder

Made of Stainless steel.

V-473 Heavy Duty Bull Lead

With coiled spring and protective release sleeve. Made of Stainless Steel.

V-475 Cattle Leader Aluminum

The ideal type lead for show animals gives the nose a shorter appearance than other type leads. Made of strong, Permits animal to eat without removal. 2-1/2" x 1-1/4" x 3-3/4" L.

V-476 Cattle Leader Brass

The ideal type lead for show animals gives the nose a shorter appearance than other type leads. Permits animal to eat without removal.

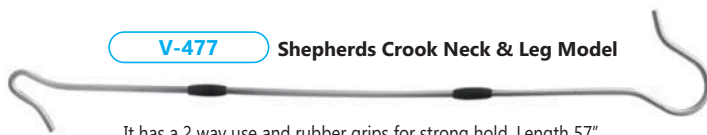

V-474 Kantslip" Cattle Lead

Made with fine quality holding spring. Opens to approximately 2-5/8". Overall width 3", overall length 5" brass, c/p.

V-477 Shepherds Crook Neck & Leg Model

It has a 2 way use and rubber grips for strong hold. Length 57".

V-478 Shepherds Crook Leg Model

It has rubber grip for strong hold. Length 53".

V-479 Calf Weaner Plastic

Durable red plastic, more comfortable for livestock. Flexible material and a fixing screw ensure easy adjustment and a perfect fixing in the cattle's nose.

V-480

Milk Sucking Preventor / Calf Weaner Metal

Guard swings free allowing animal to eat and drink freely, yet prevents sucking. Nose piece is adjustable to nose separation of the animal then locked in place by tightening the wing nut, Aluminum.

V-481

Milk Sucking Preventor / Calf Weaner Metal

Guard swings free allowing animal to eat and drink freely, yet prevents sucking. Made of Aluminum.

V-482 Anti Kick Device

Made of silver, sand-cast, powder coated, screw made of carbon steel.

V-483 Dog Muzzle A - B

This well-fitting, comfortable muzzle is made based on special strong metallic construction to maintain the shape of the muzzle and to assure long life for the muzzle. Powder coating makes this muzzle rust resistant. Due to great design the muzzle provides the dog with best ventilation. Also available in stainless steel without powder coating.

V-484 Dog Muzzle A - B
